## Uniform Crime Report Crime in Rhode Island

*An annual compilation of  
crime statistics and  
reference guide*

Crime information is based on incident data received from local and state law enforcement agencies.

Guidelines and standards mandated by National Incident Based Reporting System (NIBRS).

**Issued by  
Rhode Island State Police  
April 2021**

## UCR Program

The Rhode Island Uniform Crime Reporting (UCR) Program administered by the Rhode Island State Police gathers and disseminates crime statistics. UCR is a statewide, cooperative statistical effort of Rhode Island Law Enforcement and is based on crimes brought to their attention. Using these statistics, the State UCR Unit publishes Crime in Rhode Island. This high-profile report is a comprehensive collection of data including crime offenses, arrestee descriptors and hate crime statistics. The reporting law enforcement agency is responsible for the accuracy of the data.

UCR data serves as a valuable resource for many real-world applications, including law enforcement administration, operations, management, officer safety training, and research. Also, the Bureau of Justice Assistance uses these statistics to allocate funds from the Edward Byrne Memorial Justice Assistance Grant (JAG) Program. JAG funds may be used for law enforcement state & local initiatives, technical assistance, training, personnel, and information systems.

With the use of quality control procedures and audits, the State UCR Unit works with UCR Contributors to ensure compliance with national reporting requirements.

## Crunching the Numbers

The Rhode Island State Police began extensive implementation of the Rhode Island Incident Based Reporting (IBR) system in January 2005 with the financial support of the Crime Identification Technology Act (CITA) Grant, which was awarded to the Rhode Island State Police by the Office of Justice Programs, Bureau of Justice Statistics to assist in upgrading our criminal justice information system.

In June 2005, the FBI certified the Rhode Island Incident Based Reporting system as compliant with their stringent standards for certification in the National Incident Based Reporting System (NIBRS). This is the preferred method of collecting crime data and ensures a higher degree of accuracy and richer information.

Prior to this time, the state standard of collecting and managing crime data consisted of a paper-based Summary Based Crime Reporting system, which was the “old” national standard of collecting crime data. However, recognizing the need for an enhanced crime reporting system, a more efficient method was developed nationwide – National Incident Based Reporting System.

### Who contributes data to the Rhode Island Incident Based Reporting (IBR) system?

Except for New Shoreham Police Department, all Rhode Island law enforcement agencies submit Incident Based crime statistics to the Rhode Island State Police. The New Shoreham Police Department submits Summary Based Data; therefore, Statewide IBR reports for New Shoreham do not include offenses and arrests that occurred within their jurisdiction.

The Providence Police Department converted to IBR on January 1, 2007. Therefore, Statewide Summary reports are not available prior to that year.

## **What is Incident Based Reporting?**

Incident Based Reporting views a crime and all of its components as an “incident.” In order to obtain important data, facts recorded and preserved about the incident are organized into specific categories or segments. The vehicle used for recording these facts is a “data element.” Data elements provide information about crime and its involvement with victims.

Incident Based Reporting is designed to collect data on every single crime occurrence and on each incident within the occurrence. The most significant difference between IBR and the traditional Summary Based Crime Reporting system is the degree of detail in reporting. Under the old Summary system only the most serious offense was reported. In IBR up to 10 offenses can be reported in an incident, providing a more accurate picture of crime. Because of the differences between the Summary system and Incident Based, any cross-comparisons would provide inaccurate results in trend analysis.

## **What are the pitfalls of ranking?**

In the past, some law enforcement agencies and researchers compiled rankings of individual jurisdictions. This information can create misleading perceptions, which adversely affect geographic entities and their residents. The FBI has a longstanding policy against ranking cities, counties, and states on the basis of crime data alone. The Rhode Island State Police shares these concerns and will follow the same policy regarding ranking.

Jurisdictions should not be ranked because there are many factors that cause the nature and type of crime to vary from place to place. IBR statistics include only jurisdictional figures along with reported crime. Rankings ignore the uniqueness of each jurisdiction. All jurisdictions are affected in some degree by:

- ◆ Density and size of the community population.
- ◆ Variations in composition particularly to youth concentration.
- ◆ Economic status, including job availability, median income, and poverty level
- ◆ Stability of population with respect to residents' mobility, commuting factors, and other transient factors.
- ◆ Modes of transportation and highway system.
- ◆ Cultural conditions, such as educational, recreational, and religious characteristics.
- ◆ Effective strength of the law enforcement agencies.
- ◆ Administrative and investigative emphases of law enforcement.
- ◆ Attitude of the public toward law enforcement problems.
- ◆ Climate, including seasonal weather conditions.
- ◆ Cooperation of adjoining and overlapping police agencies.
- ◆ The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards and guidelines.

When providing/using agency-oriented statistics, the Rhode Island State Police cautions against and, in fact, strongly discourages data users from using rankings to evaluate jurisdictions or the effectiveness of their law enforcement agency.

## **What are the major differences between IBR and the Summary?**

IBR collects information on up to 10 offenses occurring in the same incident. The Summary system applies a hierarchical rule and only collects information on the most serious offense occurring in an incident and drops the others. Information is only reported on 8 crimes in the Summary system.

By design IBR measures different aspects of crime than the Summary System. Where Summary measures the overall number of incidents for a Part I crime, IBR measures both the overall number of incidents and the occurrence of each type of crime within every incident.

## **How will this affect crime trends?**

The integrity and reliability of data-based analysis and reporting depend, in large part, on the quality of the underlying data captured by the law enforcement agency.

It is not meaningful to compare Summary data to IBR data. Not all of these variables can be identified or measured, compounding the error in the results. We strongly discourage trying to compare the IBR data to any data previously released or converting IBR data to Summary data. The data sets are not comparable due to the number of types of crimes reported and the fact that multiple offenses are reported in one incident. The Rhode Island State Police will focus statewide crime reports on data received from law enforcement based on the Incident Based Reporting System and not the Summary Based Crime Reporting system. It is our position that the Summary Based Crime Reporting system is antiquated and does not portray an accurate count of crime. Therefore, we will focus our statistical analysis reports based on the Incident Based Reporting system.

## **CHAPTER 12-24**

### **Uniform Crime Reporting System**

**§ 12-24-1. Reporting System.** – A uniform crime reporting system shall be established under the direction, control, and supervision of the superintendent of state police. The superintendent of state police shall have the power and duty, by any rules and regulations that he or she may deem necessary to collect and gather any information from local police departments and the enforcement division of the department of environmental management that may be and is prescribed in this chapter.

**§ 12-24-2. Reports.** – The police department of each city and town and the enforcement division of the department of environmental management, once each quarter, upon a date and form prescribed and furnished by the superintendent of state police, shall forward to the division of state police a crime report. Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation. The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the reporting period. It shall contain the number and nature of offenses committed, the disposition of those offenses, and any other information that the superintendent of state police shall specify relating to the method, frequency, cause, and prevention of crime. Under no circumstances shall the name of any person be reported.

**§ 12-24-3. Compilation of Reports.** – Upon receipt of the quarterly uniform crime reports from the reporting agencies, the division of state police shall prepare a statewide compilation of the statistics contained in the reports, and the resulting statistical compilation shall be available to any governmental law enforcement agency in the state, the judiciary committees of the senate and the house of representatives, and the Federal Bureau of Investigation, upon request. The statistics made available through the uniform crime report shall be used for the purpose of studying the causes, trends, and effects of crime in this state and for intelligence upon which to base a sounder program of crime detection and prevention and the apprehension of criminals.

**§ 12-24-4. Other Agencies.** – Any governmental agency, not falling within the description of those required to submit the quarterly uniform crime report set forth in § 12-24-2, which desires to submit a report, shall be furnished with the proper forms by the division of state police. When a report is received by the division of state police from a governmental police agency not required to make a report, the information contained in the report shall be included within the monthly compilation provided for in § 12-24-3.

## Incident Based Reporting

**Improved  
Methodology**

**Mail-in Audit**

**Edit Checks**

**Preliminary  
Release**

**Quality Control  
and Verification  
Process**

## Expanded UCR/IBR Program

The Rhode Island State Police expanded the Statewide UCR/IBR Program and strongly encouraged all local and state law enforcement agencies to update their records management software to incorporate the new data elements. The new data elements included cargo thefts (2A), computer hacking (26G), cruelty to animals (720), hate crimes against the homeless (AH), human trafficking commercial sex acts (64A), human trafficking involuntary servitude (64B), purchasing prostitution (40C), and identity theft (26F). Also, cyberspace has been added to the location table and the relationship code “SE” spouse has been added for same sex partners.

The Rhode Island State Police has a strong understanding of contextual challenges law enforcement agencies face in reporting valid and reliable data and regularly work to overcome nonresponse issues. The time and resources it takes for agencies to implement technical changes within their own systems, the need to align policies with federal requirements, perform quality control checks, education of the preliminary law enforcement officers and command staff members pose implementation and compliance challenges. The goal is to improve UCR/IBR efficiency, usability, and maintainability while increasing the value to statisticians and academia.

Although the State Police makes every effort through its editing procedures and correspondence to ensure the validity of the data it receives, the accuracy of the statistics depends primarily on the adherence of each contributor to the established standards of reporting.

Crime in Rhode Island 2016 was the first-ever public compilation of statistics on these eight (8) data elements, new location codes, and relationship codes collected from local and state law enforcement agencies through the UCR/IBR Program. As with any new collection effort, the data should be used with caution.

### New Data Elements

- Cargo thefts (2A)
- Computer hacking (26G)
- Cruelty to animals (720)
- Hate crimes against the homeless (AH)
- Human trafficking commercial sex acts (64A)
- Human trafficking involuntary servitude (64B)
- Identity theft (26F)
- Purchasing prostitution (40C)

## Verification Process

Uniformity and accuracy of crime data collected under this program is of primary concern. With the receipt of reports covering 39 reporting jurisdictions within the State of Rhode Island, the problems of attaining uniformity are readily apparent.

It is operating procedure to perform edit checks, quality control checks, reasonableness checks, and administer a statewide mail-in audit.

Also, prior to compiling *Crime in Rhode Island*, an annual *Preliminary Release* is distributed to each reporting jurisdiction based on the submission of UCR statistics. Each jurisdiction is requested to examine this release and notify the UCR Unit should any discrepancies appear.

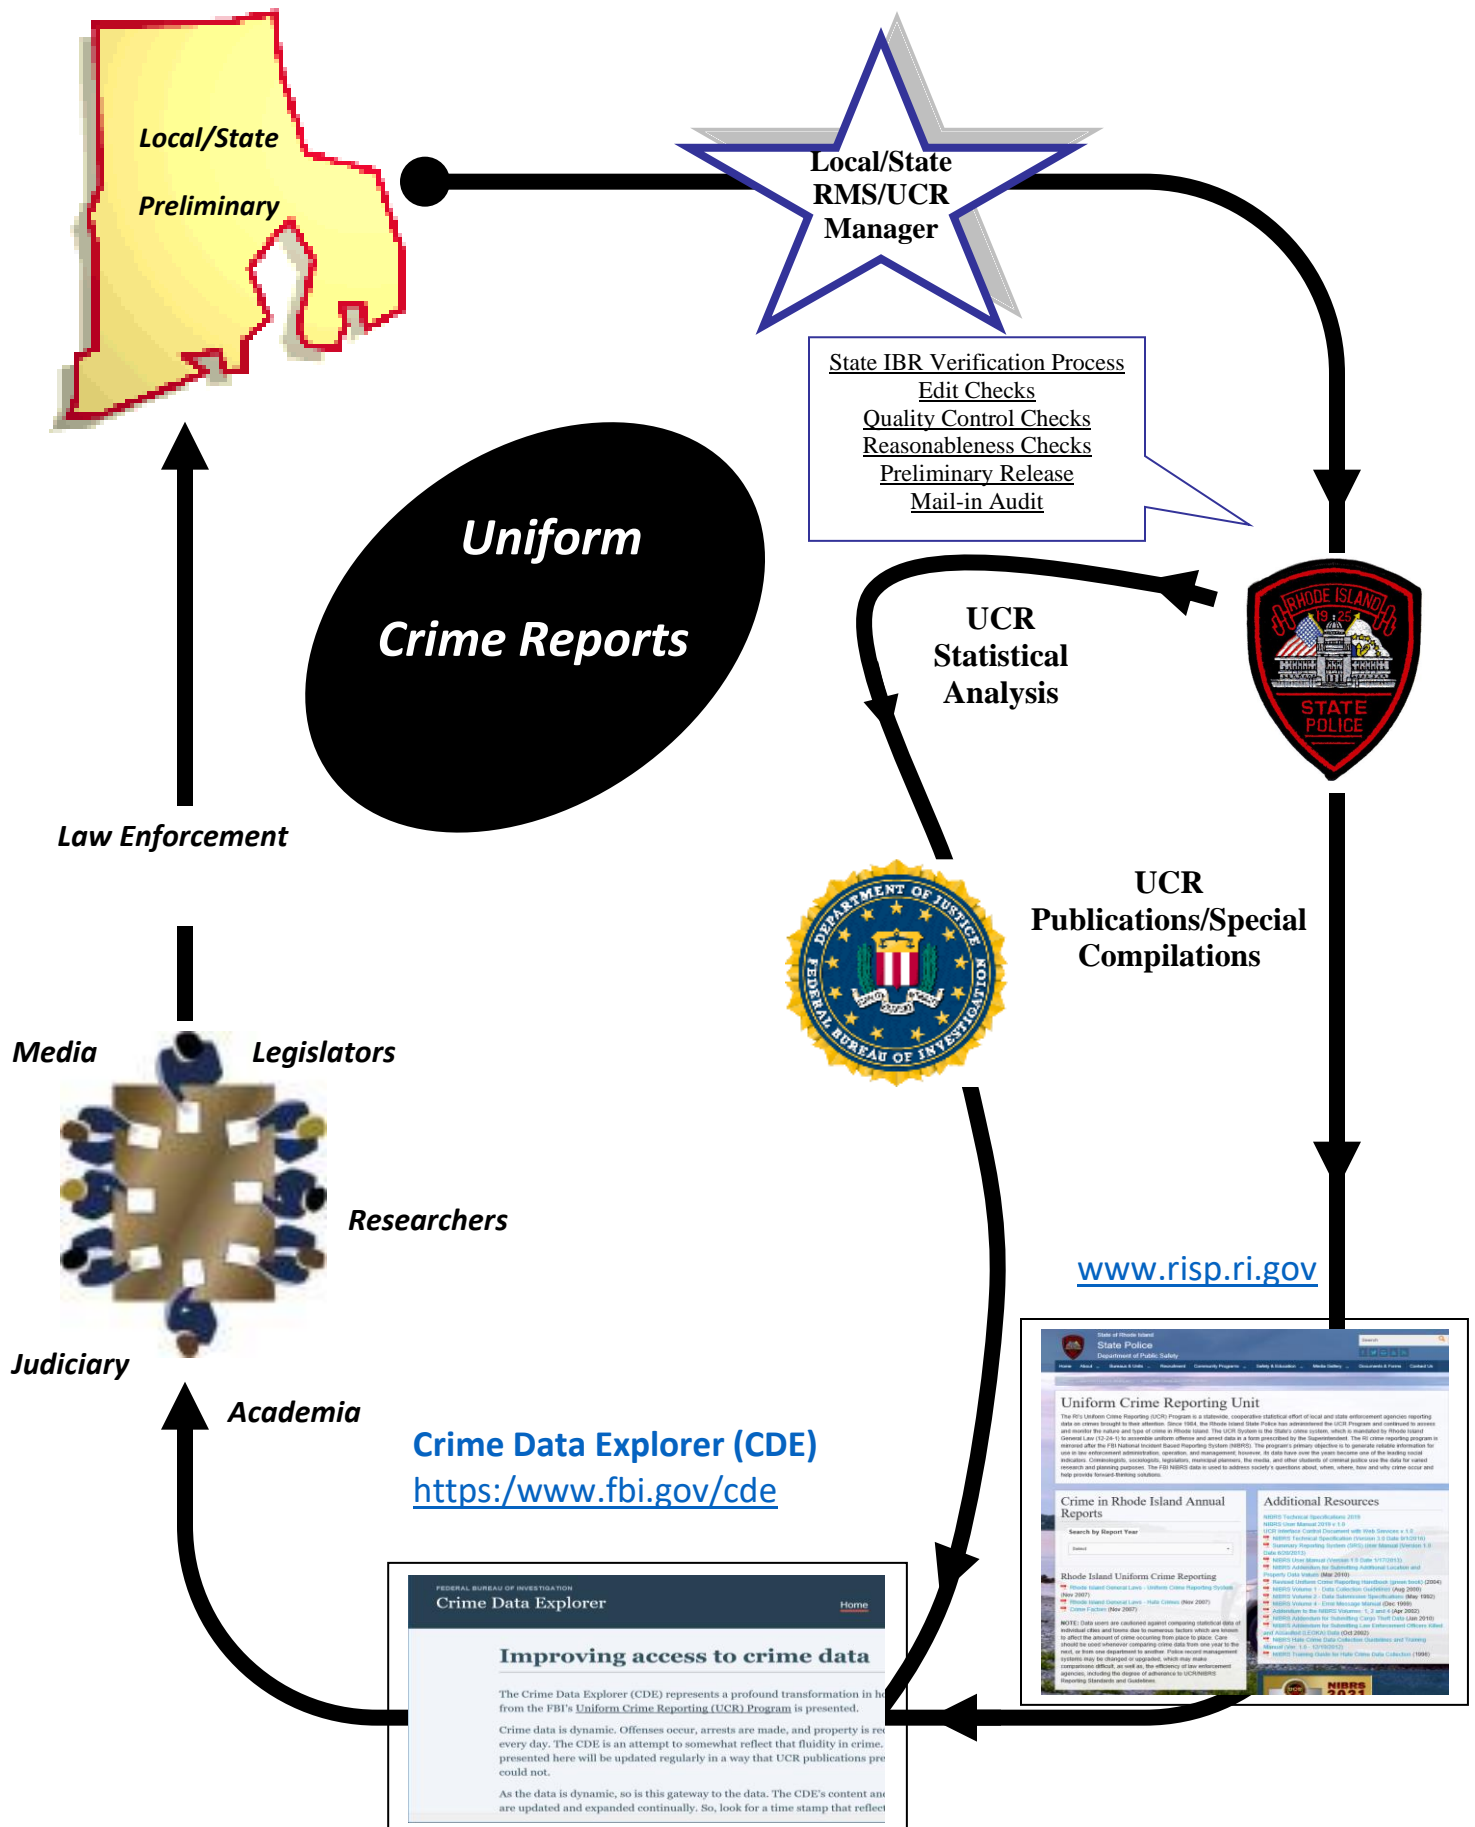

Regardless of the extent of the statistical verification process used by the UCR Unit, the accuracy of the data assembled under this program depends on the sincere effort exerted by each contributor to meet the necessary standards of report.

## **Crime Factors**

Data users are cautioned against comparing statistical data of individual cities and towns due to numerous factors, which are known to affect the amount and type of crime occurring from place to place.

- ◆ Density and size of the community population.
- ◆ Variations in composition particularly to youth concentration.
- ◆ Economic status, including job availability, median income, and poverty level.
- ◆ Stability of population with respect to residents' mobility, commuting factors, and other transient factors.
- ◆ Modes of transportation and highway system.
- ◆ Cultural conditions, such as educational, recreational, and religious characteristics.
- ◆ Effective strength of the law enforcement agencies.
- ◆ Administrative and investigative emphases of law enforcement.
- ◆ Attitude of the public toward law enforcement problems.
- ◆ Climate, including seasonal weather conditions.
- ◆ Cooperation of adjoining and overlapping police agencies.
- ◆ The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to UCR Crime Reporting.

## **Message to the Reader**

All reports are based on a “snapshot” of the IBR database frozen in time and do not reflect the continual updating of the live database by contributing agencies.

The integrity and reliability of data depend on the quality of the underlying data captured by each law enforcement agency.

## **CHAPTER 42-28**

### **State Affairs and Government**

#### **§ 42-28-46. Development of system monitoring crimes motivated by bigotry and bias.**

(a) For the purposes of this section, the following words shall have the following meanings:

(1) "Police department" – means all state, municipal and campus police departments within the state of Rhode Island;

(2) "Hate crime" – means any crime motivated by bigotry and bias, including, but not limited to threatened, attempted, or completed acts that appear after investigation to have been motivated by racial, religious, ethnic, sexual orientation, gender, gender identity or expression or disability prejudice or motivated by prejudice against a person who is homeless or is perceived to be homeless. For the purposes of this chapter, the definitions of disability, sexual orientation and gender identity or expression shall be defined as set forth in Rhode Island general laws § 11-24-2.1;

(3) "Hate crime data" – means information, incident reports, records and statistics relating to hate crimes, collected by the state police unit pursuant to this section;

(4) "Incident report" – means account of any individual occurrence of hate crime received or collected by the crime reporting unit pursuant to this section.

(b) The state police shall, by January 1, 1994, develop a system monitoring the occurrence of crimes committed in the state which the evidence of the offense demonstrates was motivated by racial, religious, ethnic bigotry, or bias on any other matter defined as a "hate crime" herein. All police departments within the state shall report monthly the occurrence of such crimes to the state police. The state police shall maintain a permanent record of these offenses categorized by community of occurrence, type of offense, target of offense, and such other information as the department deems relevant. The department shall develop a plan for the collection, analysis, and dissemination of the data regarding such crimes and shall promulgate regulations relating to the collection of hate crime data, as defined in this section, which are submitted by law enforcement agencies, individuals, state and local human rights commissions, and anti-discrimination advocacy organizations.

(c) The state police shall compile and distribute to each police department a listing of all criminal offenses and penalties for those actions defined as "hate crimes" herein. Notice of the provision of these sections shall be primarily posted at each police station.

(d) This section shall not be construed to increase or enhance the penalties against the perpetrators of hate crimes as defined in this section, unless provided for by any other section of law.

## **CHAPTER 12-19**

### **Sentence and Execution**

#### **§ 12-19-38. Hate Crimes Sentencing Act.**

(a) If any person has been convicted of a crime charged by complaint, information, or indictment in which he or she intentionally selected the person against whom the offense is committed or selected the property that is damaged or otherwise affected by the offense because of the actor's hatred or animus toward the actual or perceived disability, religion, color, race, national origin or ancestry, sexual orientation, or gender of that person or the owner or occupant of that property, he or she shall be subject to the penalties provided in this section.

(b) Whenever it appears that a person may be subject to the Hate Crime Sentencing Act, the prosecuting agency, in no case later than the pretrial conference, shall file with the court a notice specifying that the defendant, upon conviction, is subject to the imposition of sentencing in accordance with this section.

(c) For misdemeanor offenses, upon any plea of guilty or nolo contendere or verdict or finding of guilty of the defendant, the district court shall conduct a sentencing hearing. At the hearing, the court shall permit the prosecuting agency and the defense to present additional evidence relevant to the determination of whether the defendant intentionally selected the person against whom the offense is committed, or selected the property that is damaged, or otherwise affected by the offense because of his or her hatred or animus toward the actual or perceived race, religion, color, disability, national origin or ethnicity, gender, or sexual orientation of that person or the owner or occupant of that property. If the finder of fact at the hearing, or in the case of a plea of guilty or nolo contendere, the district court at sentencing, determines beyond a reasonable doubt that the defendant's actions were so motivated, he or she shall be sentenced to not less than thirty (30) days mandatory imprisonment, nor more than one year imprisonment for that crime: and for this penalty, he or she shall not be afforded the provisions of filing, suspension of sentence, or probation.

(d) For felony offenses and for misdemeanor offenses in which the defendant claims a jury trial either in the first instance or by appeal, upon any plea of guilt or nolo contendere or verdict or finding of guilt of the defendant, the court shall conduct a sentencing hearing. At the hearing, the court shall permit the prosecuting agency and the defense to present additional evidence to the jury relevant to the determination of whether the defendant intentionally selected the person against whom the offense is committed, or selected the property that is damaged, or otherwise affected by the offense because of his or her hatred or animus toward the actual or perceived race, religion, color, disability, national origin or ethnicity, gender, or sexual orientation of that person or the owner or occupant of that property. If the jury at the hearing, or in the case of a plea of guilty or nolo contendere, the court at sentencing, determines beyond a reasonable doubt that the defendant's actions were so motivated, he or she shall be sentenced for a misdemeanor in accordance with subsection (c) of this section and for a felony by the court to an additional, consecutive term of imprisonment for not less than one year nor more than five (5) years, but in no case, more than double the original penalty for the crime.

## Group A Offenses

### 200 Arson

---

#### **To unlawfully and intentionally damage or attempt to damage any real or personal property by fire or incendiary device**

An LEA should report only fires determined through investigation to have been unlawfully and intentionally set. Though the agency should include attempts to burn, it should not include fires of suspicious or unknown origin. In addition, an agency should report one incident for each distinct arson operation originating within its jurisdiction. If a fire started by arson in one jurisdiction spreads to another jurisdiction and destroys property, the LEA in which the fire started should report the incident.

If a fire marshal collects arson-related incident information, the LEA having jurisdiction should gather the information from the fire marshal and report it with their monthly submission. The FBI UCR Program excludes arson-related deaths and injuries of police officers and firefighters, unless determined as willful murders or assaults, due to the hazardous nature of these professions.

LEAs should report the type of property burned into Data Element 15 (Property Description) and the value of property burned in Data Element 16 (Value of Property), which includes incidental damage resulting from fighting the fire.

### 13A – 13C Assault Offenses

---

#### **An unlawful attack by one person upon another**

Careful consideration of the following factors should assist in classifying assaults:

1. The type of weapon employed or the use of an object as a weapon.
2. The seriousness of the injury.
3. The intent and capability of the assailant to cause serious injury.

Usually, the weapons used or the extent of the injury sustained will be the deciding factors in distinguishing aggravated from simple assault. In only a very limited number of instances should it be necessary to examine the intent and capability of the assailant. Prosecution policy in a jurisdiction should not influence classification or reporting of law enforcement offense data. Reporting agencies should examine and classify the assaults in their respective jurisdictions according to the standard UCR definitions, regardless of whether the offenses are termed misdemeanors or felonies by local definitions.

By definition there can be no *attempted* assaults, only *completed* assaults. Therefore, reporting agencies must enter the data value of C = Completed for all Assault Offenses into Data Element 7 (Offense Attempted/Completed).

### 13A Aggravated Assault

---

**An unlawful attack by one person upon another wherein the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness**

In the definition above, a weapon is a commonly known weapon (a gun, knife, club, etc.) or any other item becoming one, although not usually thought of as a weapon, when used in a manner which *could* cause the types of severe bodily injury described. The NIBRS considers mace and pepper spray to be weapons. A severe laceration is one that should receive medical attention. A loss of consciousness must be the direct result of force inflicted on the victim by the offender.

Aggravated Assault includes assault with disease (as in cases when the offender is aware he/she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.), assaults or attempts to kill or murder, poisoning, assault with a dangerous or deadly weapon, maiming, mayhem, and assault with explosives. In addition, this offense usually includes offenses such as Pointing and Presenting a Firearm, Brandishing a Firearm, etc. Though an agency may, on occasion, charge assailants with assault and battery or simple assault when an offender uses a knife, gun, or other weapon in the incident, the agency should classify this type of assault as aggravated for UCR purposes. It is not necessary for injury to result from an aggravated assault when an offender uses a gun, knife, or other weapon with the potential to cause serious personal injury.

The agency should enter the type of weapon or force involved with an Aggravated Assault in Data Element 13 (Type Weapon/Force Involved); it should also enter the circumstances in Data Element 31 (Aggravated Assault/Homicide Circumstances).

### 13B Simple Assault

---

**An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness**

Simple Assault includes offenses such as minor assault, hazing, assault and battery, and injury caused by culpable negligence.

### 13C Intimidation

---

**To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack**

This offense includes stalking. In addition, the offender can make the threats associated with intimidation in person, over the telephone, or in writing.

### 510 Bribery

---

**The offering, giving, receiving, or soliciting of anything of value (e.g., a bribe, gratuity, or kickback) to sway the judgment or action of a person in a position of trust or influence**

In addition to bribes, gratuities, and kickbacks, the phrase, “anything of value,” includes favors or anything else used illegally to influence the outcome of something governed by law, fair play, contractual agreement, or any other guideline. The offering, giving, receiving, or soliciting of the bribe would bring the outcome of an event outside any realm of reasonableness, the result of which could be predicted based on the offering or influence given to the person(s) in a position to render decisions.

This offense excludes sports bribery, i.e., changing the outcome of a sporting contest or event. Agencies should report such activities under the crime category of gambling offenses as Sports Tampering, not Bribery.

## **220 Burglary / Breaking & Entering**

---

### **The unlawful entry into a building or other structure with the intent to commit a felony or a theft**

LEAs should classify offenses locally known as burglary (any degree), unlawful entry with intent to commit a larceny or felony, breaking and entering with intent to commit a larceny, housebreaking, and safecracking as burglary. However, because larceny/theft is an element of Burglary, agencies should not report the larceny as a separate offense if it is associated with the unlawful entry of a structure. The element of trespass is essential to the offense of Burglary/ Breaking & Entering.

By definition, a structure has four walls, a ceiling, a floor, and a door (e.g., apartment, barn, cabin, church, condominium, dwelling house, factory, garage, house trailer or houseboat used as a permanent dwelling, mill, office, outbuilding, public building, railroad car, room, school, stable, vessel or ship, warehouse).

A structure is also any house trailer or other mobile unit permanently fixed as an office, residence, or storehouse. However, a tent, tent trailer, motor home, house trailer, or any other mobile unit used for recreational purposes is not a structure. LEAs should not classify the illegal entry of such mobile units, followed by a felony, theft, or attempt to commit a felony or theft, as Burglary, but rather as larceny.

### **Hotel Rule**

The Hotel Rule applies to burglaries of hotels, motels, lodging houses, or other places where lodging of transients is the main purpose. Burglaries of temporary rental storage facilities, e.g., mini-storage and self-storage buildings, can pose reporting questions.

- If a number of units under a single manager are the object of a burglary and the manager, rather than the individual tenants/renters, will most likely report the offenses to the police, the agency should report the burglary to the FBI UCR Program as a single incident. Examples are burglaries of a number of rental hotel rooms, rooms in “flop” houses, rooms in a youth hostel, and units in a motel.
- If multiple occupants rent or lease individual living or working areas in a building for a period of time, which would preclude the tenancy from being classified as transient, and the occupants would most likely report the individual burglaries separately, the reporting agency should submit the burglaries as separate incidents. Examples of this latter type of multiple burglaries include burglaries of a number of apartments in an apartment house, offices of a number of commercial firms in a business building, offices of separate professionals within one building, and rooms in a college dormitory.

Whenever a question arises as to whether a type of structure comes within the scope of the burglary definition, LEAs should examine the nature of the crime and use the examples provided as guidance.

When a hotel, motel, inn, or other temporary lodging, or a rental storage facility is the object of a burglary, the LEA should report the number of premises (e.g., rooms, suites, units, or storage compartments) in Data Element 10 (Number of Premises Entered). For all Burglary offenses, the agency should report the method of entry in Data Element 11 (Method of Entry) as either data value F = Force or N = No Force. A forced entry occurs when the offender(s) use force of any degree or a mechanical contrivance of any kind (e.g., a passkey or skeleton key) to unlawfully enter a building or other structure. An unforced entry occurs when the offender(s) achieve unlawful entry without force through an unlocked door or window. If both forced and unforced entries are involved, the agency should enter F = Force.

Agencies should report incidental damage resulting from a burglary (e.g., a forced door, broken window, hole in the wall, or dynamited safe) only if the amount of damage is deemed substantial by the reporting agency. If deemed substantial, the agency should report the damage under the offense category destruction/damage/vandalism of property.

**Note:** LEAs should classify offenses according to NIBRS definitions and not according to local, state, or federal codes. For example, though some jurisdictions may categorize a shoplifting or a theft from an automobile as burglary, the FBI UCR Program considers these offenses as larcenies. Thefts from automobiles (whether locked or not); shoplifting from commercial establishments; and thefts from coin boxes, or coin-operated machines (including machines which accept paper bills) do not involve unlawful entry of a structure; thus, no burglary occurred.

## 250 Counterfeiting/Forgery

---

**The altering, copying, or imitation of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine; or, the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud**

Most states treat forgery and counterfeiting as allied offenses. This category includes offenses such as altering and forging public and other records; making, altering, forging or counterfeiting bills, notes, drafts, tickets, checks, credit cards, etc.; forging wills, deeds, notes, bonds, seals, trademarks, etc.; counterfeiting coins, plates, banknotes, checks, etc.; possessing forged or counterfeit instruments; erasures; signing the name of another or fictitious person with intent to defraud; using forged labels; possession, manufacture, etc., of counterfeiting apparatus; and selling goods with altered, forged, or counterfeit trademarks. Although Counterfeiting/Forgery offenses can involve elements of fraud, the FBI UCR Program treats them separately due to their unique nature.

Agencies should enter the type of activity (namely publishing, distributing, selling, buying, possessing, or transporting) in Data Element 12, (Type Criminal Activity/Gang Information). Likewise, the agency should enter the type of property altered, counterfeited, or forged in Data Element 15 (Property Description).

Problems arise in scoring Counterfeiting/Forgery offenses for UCR purposes when LEAs find the offender(s) used forged checks or counterfeit money to obtain items such as cash, groceries, electronic equipment, etc. If the offense of Counterfeiting/Forgery is completed, the Type Property Loss/Etc. can only be 3 = Counterfeited/Forged, 5 = Recovered, or 6 = Seized. Therefore, LEAs do not report items the offender(s) obtained as the result of passing a forged or counterfeit instrument.

When incidents involving the passing of a forged or counterfeited instrument to obtain items occur, an additional fraud offense should accompany the Counterfeiting/Forgery to allow the capture of fraudulently obtained items.

Example: A lone male enters a department store to purchase a \$400 television and a \$300 DVD player (retail value) with a forged check. Later, the store manager finds the offender(s) used a forged check to make the purchase. The manager then summons the police to file a report. LEAs should report the incident with UCR Offense Code, 250 = Counterfeiting/Forgery; Type Property Loss/Etc., 3 = Counterfeited/Forged; Property Description, 21 = Negotiable Instruments (no value). In addition, Offense Code 26A = False Pretense/Swindle/Confidence Game; Type Property Loss/Etc., 7 = Stolen/Etc.; Property Description, 26 = Radios/TVs/DVDs; Value of Property, \$550 (wholesale value) should be reported.

## 720 Cruelty to Animals

---

Intentionally, knowingly, or recklessly taking an action that mistreats or kills any animal without just cause, such as torturing, tormenting, mutilation, maiming, poisoning, or abandonment. Included are instances of duty to provide care, e.g., shelter, food, water, care if sick or injured; transporting or confining an animal in a manner likely to cause injury or death; causing an animal to fight with another; inflicting excessive or repeated unnecessary pain or suffering, e.g., uses objects to beat or torture an animal. This definition does not include proper maintenance of animals for show or sport; use of animals for food, lawful hunting, fishing, or trapping.

## 290 Destruction/Damage/Vandalism of Property (except Arson)

---

**To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it**

As a general rule, law enforcement officers should report this offense only if they deem *substantial damage* to property has occurred, e.g., major structural damage, property damage generally classified as a felony destruction of property. Agencies should not report insubstantial damage, such as a broken window or other minor damage. The FBI UCR Program leaves the determination of whether the damage was substantial to the discretion of the reporting LEA as it should not require burdensome damage assessments.

**Note:** Agencies should report incidental damage resulting from another offense (e.g., burglary or robbery) under destruction/damage/vandalism only if they deem the amount of damage to be substantial. Finally, agencies should report any destruction/damage/vandalism of property they suspect the offender(s) caused because of his/her bias against the victim's race, religion, ethnicity, disability, sexual orientation, gender, or gender identity regardless of the amount or type of damage. With regard to arson, agencies should include the incidental damage resulting from fighting the fire as part of the loss caused by burning.

## 35A – 35B Drug/Narcotic Offenses

---

**The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use**

For Drug/Narcotic Offenses, reporting agencies should enter the type of activity (namely, cultivating, manufacturing, distributing, selling, buying, using, possessing, transporting, or importing) in Data Element 12 (Type Criminal Activity/Gang Involvement).

**Note:** Driving Under the Influence is a Group B offense.

### 35A Drug/Narcotic Violations

---

**The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance**

Because it is difficult to determine the street value of drugs or narcotics seized in Drug/Narcotic Violations, reporting agencies should not enter a data value in Data Element 16 (Value of Property). However, agencies should report the type of drug or narcotic in Data Element 20 (Suspected Drug Type); the quantity in Data Element 21 (Estimated Drug Quantity); and the type of measurement, e.g., kilograms or liquid ounces, in Data Element 22 (Type Drug Measurement).

### 35B Drug Equipment Violations

---

**The unlawful manufacture, sale, purchase, possession, or transportation of equipment or devices utilized in preparing and/or using drugs or narcotics**

This offense covers those cases involving drug paraphernalia, equipment, chemicals, illegal labs, etc. Various statutes and/or codes may vary in the description of unlawful equipment or paraphernalia involved with drugs/narcotics.

### 70 Embezzlement

---

**The unlawful misappropriation by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control**

In general, an employer/employee or legal agent relationship must exist for embezzlement to occur. Typically, the victims of these offenses are businesses, financial institutions, etc.

Agencies should enter the type of victim in Data Element 25 (Type of Victim) (e.g., financial institution, business, government, individual, religious organization, society/public, and other).

### 210 Extortion/Blackmail

---

**To unlawfully obtain money, property, or any other thing of value, either tangible or intangible, through the use or threat of force, misuse of authority, threat of criminal prosecution, threat of destruction of reputation or social standing, or through other coercive means**

Even though persons are involved or victimized in cases of Extortion/Blackmail, the object of these crimes is to obtain money or property; therefore, they should be classified as Crimes Against Property.

Extortions include offenses where the offender made threats in non-confrontational circumstances and the victim is not in fear of immediate harm. If during a demand for money, property, etc., there is a personal confrontation between the victim and offender and the offender has the opportunity to carry out the threat of force or violence immediately, the agency should report the offense as Robbery.

If the thing gained from Extortion/Blackmail is intangible, agencies should enter it as data value 77 = Other in Data Element 15 (Property Description). Intangibles are anything a person cannot perceive by the sense of touch. They

can be a benefit (a right or privilege, a promotion, enhanced reputation, etc.) or a detriment (the loss of reputation, injured feelings, etc.).

## 26A – 26E Fraud Offenses (except Counterfeiting/Forgery and Bad Checks)

---

**The intentional perversion of the truth for the purpose of inducing another person or other entity in reliance upon it to part with something of value or to surrender a legal right**

When classifying fraud cases other than the most obvious ones, e.g., con games, swindles, etc., agencies should use care in applying the facts of the case to the definition of fraud. Often questions arise as to whether or not the facts of a case describe a fraud or a larceny. Though both offenses can involve theft, it is the method used to steal which differentiates the two. Fraud is achieved through deceit or lying, whereas larceny is the physical taking of something.

By definition, fraud involves either the offender receiving a benefit or the victim incurring a detriment. The benefit or detriment could be either tangible or intangible. Intangibles are anything a person cannot perceive by the sense of touch. They can be a benefit (a right or privilege, a promotion, enhanced reputation, etc.) or a detriment (the loss of reputation, injured feelings, etc.). For example, if a person impersonates a doctor to gain entrance to a restricted area of a hospital, the benefit to the offender (entry to the restricted area) is an intangible.

The only fraud-related violations agencies should not report under the Fraud Offenses category are counterfeiting/forgery and bad checks. These offenses have their own specific offense classifications.

Examples of common fraud involve cases in which an offender rents something of value, e.g., equipment or an automobile, for a period of time but does not return the item. Agencies should classify this offense, conversion of goods lawfully possessed by a bailee, as fraud and not larceny. In such cases, the offenders originally had lawful possession of the property (the property was either rented or loaned) and through deceit (they promised to return it) kept the property.

A common classification problem is the taking of gasoline without paying for it. If an offender steals gasoline from a self-service gas station without paying for it, the reporting agency should classify the offense as a 23H = All Other Larceny. In this case, the victim made no contract or agreement for payment with the offender.

However, if someone gets gasoline at a full-service gas station and drives off without paying for it, the offense is considered to be a 26A = False Pretenses/Swindle/Confidence Game. The individual asked someone to provide a service and product to them and failed to pay for it (they made a tacit agreement for product and services rendered).

**Note:** Agencies should report the most specific subcategory of fraud whenever the circumstances fit the definition of more than one of the subcategories listed below. For example, many frauds would fit the definition of False Pretenses/Swindle/Confidence Game. However, if the offender used a credit card to perpetrate the fraud, the agency should classify the offense as Credit Card/Automated Teller Machine Fraud.

## 26A False Pretenses/Swindle/Confidence Game

---

**The intentional misrepresentation of existing fact or condition or the use of some other deceptive scheme or device to obtain money, goods, or other things of value**

This offense includes renting a vehicle and failing to return it, dining at a restaurant and failing to pay the bill, or misrepresenting information on an application for a firearm.

## 26B Credit Card/Automated Teller Machine Fraud

---

### **The unlawful use of a credit (or debit) card or automatic teller machine for fraudulent purposes**

This offense does not apply to the theft of a credit/debit card but rather its fraudulent use.

## 26C Impersonation

---

**Falsely representing one's identity or position and acting in the character or position thus unlawfully assumed to deceive others and thereby gain a profit or advantage, enjoy some right or privilege, or subject another person or entity to an expense, charge, or liability that would not have otherwise been incurred.**

**Note:** Identity theft refers to crimes in which someone wrongfully obtains and uses another person's personal data (e.g., name, date of birth, Social Security number, driver's license number, credit card number). For NIBRS purposes, LEAs should report this as 26C = Impersonation.

Example: While standing in line at a grocery store paying for items with a personal check, an individual standing immediately behind the victim memorized the victim's name, address, and telephone number. The individual subsequently opened a credit card account using the information. Later, the victim received the credit card bill and realized someone had gained access to their information and they were a victim of identity theft.

## 26D Welfare Fraud

---

### **The use of deceitful statements, practices, or devices to unlawfully obtain welfare benefits**

This offense includes the fraudulent use of Electronic Benefit Transfer (EBT) cards for welfare purposes (e.g., SNAP cards, government-sponsored cash cards).

## 26E Wire Fraud

---

### **The use of an electric or electronic communications facility to intentionally transmit a false and/or deceptive message in furtherance of a fraudulent activity**

This classification applies to those cases where telephone, teletype, computers, e-mail, text messages, etc., are used in the commission or furtherance of a fraud. For example, if someone uses a computer to order products through a fraudulent online auction site and pays for the products but never receives them, LEAs should classify the incident as 26E = Wire Fraud.

## 26F Identity Theft

---

Wrongfully obtaining and using another person's personal data (e.g., name, date of birth, Social Security number, driver's license number, credit card number).

## 26G Hacking/Computer Invasion

---

Wrongfully gaining access to another person's or institution's computer software, hardware, or networks without authorized permissions or security clearances.

### 39A – 39D Gambling Offenses

**To unlawfully bet or wager money or something else of value; assist, promote, or operate a game of chance for money or some other stake; possess or transmit wagering information; manufacture, sell, purchase, possess, or transport gambling equipment, devices, or goods; or tamper with the outcome of a sporting event or contest to gain a gambling advantage**

While explicit definitions are provided for most Group A crimes, some crimes, such as Gambling Offenses, depend on the violation of locally established statutes. For example, in those areas of the nation where gambling is legal, agencies should report gambling offenses only if they violate the statutes of the jurisdiction.

If a seizure is involved, the reporting agency should enter the type of property seized, e.g., money or gambling equipment, in Data Element 15 (Property Description) and its value in Data Element 16 (Value of Property).

#### 39A Betting/Wagering

---

**To unlawfully stake money or something else of value on the happening of an uncertain event or on the ascertainment of a fact in dispute**

#### 39B Operating/Promoting/Assisting Gambling

---

**To unlawfully operate, promote, or assist in the operation of a game of chance, lottery, or other gambling activity**

This offense includes bookmaking, numbers running, transmitting wagering information, etc.

#### 39C Gambling Equipment Violations

---

**To unlawfully manufacture, sell, buy, possess, or transport equipment, devices, and/or goods used for gambling purposes**

Gambling paraphernalia is another name for such equipment.

Agencies should enter the type of activity (namely manufacturing, selling, buying, possessing, or transporting) in Data Element 12 (Type Criminal Activity/Gang Information).

#### 39D Sports Tampering

---

**To unlawfully alter, meddle in, or otherwise interfere with a sporting contest or event for the purpose of gaining a gambling advantage**

This offense includes engaging in bribery for gambling purposes. For example, if an offender bribed a jockey to lose a horse race, the agency should report the offense as Sports Tampering, not Bribery.

### 09A – 09C Homicide Offenses

---

**The killing of one human being by another**

LEAs should report the circumstances of a homicide in Data Element 31 (Aggravated Assault/Homicide Circumstances).

## 09A Murder and Non-Negligent Manslaughter

---

### **The willful (non-negligent) killing of one human being by another**

As a general rule, agencies should classify in this category any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime. Although LEAs may charge offenders with lesser offenses, e.g., negligent manslaughter, agencies should report the offense as Murder and Non-Negligent Manslaughter if the killing was willful or intentional.

Agencies should not classify suicides, traffic fatalities (including those involving DUI), fetal deaths, assaults to murder, attempted murders, or accidental deaths as Murder and Non-Negligent Manslaughter. The FBI UCR Program traditionally excludes suicides, traffic fatalities, and fetal deaths from its crime counts. In addition, the FBI UCR Program classifies assault to murder and attempted murder as Aggravated Assault, and it counts some accidental deaths as Negligent Manslaughter.

Situations in which a victim dies of a heart attack as a result of a robbery or of witnessing a crime likewise do not meet the criteria for inclusion as Murder and Non-Negligent Manslaughter. An offender cannot willfully cause someone to have a heart attack. Even in instances where an individual has a weak heart, there is no assurance an offender can cause sufficient emotional or physical stress to guarantee the victim will suffer a fatal heart attack.

**Note:** The findings of a court, coroner's inquest, etc., should not influence the reporting of offenses in this category.

## 09B Negligent Manslaughter

---

### **The killing of another person through negligence**

This offense includes killings resulting from hunting accidents, gun cleaning, children playing with guns, etc. It does not include deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and accidental traffic fatalities.

**Note:** This offense does not include Vehicular Manslaughter, which agencies should report as Murder and Non-Negligent Manslaughter if not accidental or All Other Offenses if accidental.

## 09C Justifiable Homicide (Not a Crime)

---

### **The killing of a perpetrator of a serious criminal offense by a peace officer in the line of duty, or the killing, during the commission of a serious criminal offense, of the perpetrator by a private individual**

Justifiable homicide, by definition, often occurs in conjunction with a serious criminal offense, i.e., a felony or high misdemeanor. Agencies must report the crime that was being committed when the justifiable homicide took place as a separate incident. The definition of an incident requires all offenders to act in concert. Certainly, the criminal killed justifiably did not act in concert with the police officer or civilian who killed him; likewise, the police officer or civilian who killed the criminal did not act in concert with the criminal in committing the offense which resulted in the justifiable homicide. Therefore, justifiable homicide cases involve at least two criminal incidents rather than

one. If the “justified” killer committed another offense in connection with the justifiable homicide (e.g., illegal possession of the gun he/she used), the LEA should report a third incident.

Law enforcement must report the additional circumstances regarding a Justifiable Homicide in Data Element 32 (Additional Justifiable Homicide Circumstances).

## 64A – 64B Human Trafficking Offenses

---

**The inducement of a person to perform a commercial sex act, or labor, or services, through force, fraud, or coercion**

Human trafficking has also occurred if a person under 18 years of age has been induced, or enticed, regardless of force, fraud, or coercion, to perform a commercial sex act.

### 64A Human Trafficking, Commercial Sex Acts

Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age

### 64B Human Trafficking, Involuntary Servitude

---

**The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into voluntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts)**

## 100 Kidnapping/Abduction

---

**The unlawful seizure, transportation, and/or detention of a person against his/her will or of a minor without the consent of his/her custodial parent(s) or legal guardian**

Kidnapping/Abduction includes hostage situations as well. Although the object of a kidnapping may be to obtain money or property, this offense type captures information only on the persons actually kidnapped or abducted, not those persons or organizations paying ransoms. Therefore, for each kidnapping incident, law enforcement should report only those persons taken or detained against their will as victims.

Kidnapping/Abduction is the only Crime Against Persons where LEAs must report property information. Property information is necessary so LEAs can report information regarding any ransom paid for the victim’s release.

## 23A – 23H Larceny/Theft Offenses

---

**The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another person**

Larceny and theft mean the same thing in UCR. Local offense classifications such as grand theft, petty larceny, felony larceny, or misdemeanor larceny have no bearing on the fact LEAs should report one offense for each distinct operation of such larcenies for UCR purposes, regardless of the value of the property stolen.

When multiple types of larceny/theft occur within a single incident, agencies should report all types of larceny/theft involved. LEAs should report multiple offenses because these offenses are not inherent.

For example, if an individual stole a factory-installed compact disc player valued at \$600 and a laptop computer valued at \$1,500 from a motor vehicle in the same incident, the agency should report both offenses—23G = Theft of Motor Vehicle Parts or Accessories for the CD player and a 23F = Theft from Motor Vehicle for the laptop.

The FBI UCR Program does not include motor vehicle theft in the larceny/theft offense category. Because of the great volume of such thefts, the FBI UCR Program counts these offenses separately. Also, agencies should not classify embezzlement, fraudulent conversion of entrusted property, conversion of goods lawfully possessed by a bailee, counterfeiting, obtaining money by false pretenses, larceny by check, larceny by bailee, and check fraud as larceny offenses. Each of the aforementioned crimes falls within other offense categories.

Agencies should enter the type of property which was the object of the theft in Data Element 15 (Property Description).

### 23A Pocket-picking

---

**The theft of articles from another person's physical possession by stealth where the victim usually does not become immediately aware of the theft**

This type of theft includes removal of such items as wallets from women's purses and men's pockets and usually occurs in a crowded area or on public transportation to disguise the activity. Agencies should also classify a theft from a person in an unconscious state, including an individual who is drunk, as Pocket-picking.

**Note:** If the offender manhandled the victim in any way or used force beyond simple jostling to overcome the victim's resistance, the agency must classify the offense as a strong-arm robbery.

### 23B Purse-snatching

---

**The grabbing or snatching of a purse, handbag, etc., from the physical possession of another person**

If the victim left a purse or other item of value unattended in a location which was open to the general public and the item was subsequently stolen, the agency should classify the incident as 23D = Theft from Building, 23F = Theft from Motor Vehicle, or other appropriate larceny category and not as a 23B = Purse-snatching. Purse-snatching only applies when the victim has physical possession of the item (i.e., it is on the victim's person).

**Note:** If the offender used more force than was actually necessary to snatch the purse from the grasp of the victim, or if the victim resists the theft in any way, then a strong-arm robbery occurred rather than a Purse-snatching.

### 23C Shoplifting

---

**The theft by someone other than an employee of the victim of goods or merchandise exposed for sale**

This violation assumes the offender had legal access to the premises, and thus, no trespass or unlawful entry was involved. This offense includes thefts of merchandise displayed as part of the stock in trade outside of buildings such as department stores, hardware stores, supermarkets, and fruit stands.

### 23D Theft from Building

---

**A theft from within a building which is either open to the general public or to which the offender has legal access**

Thefts from buildings include those from such places as churches, restaurants, schools, libraries, public buildings, and other public and professional offices during the hours when such facilities are open to the public. Agencies should not include shoplifting and thefts from coin-operated machines or devices within open buildings, but should classify these as other specific larceny types.

For example, if an individual invites another person to their home for a meal, and the other person takes something from the home during the course of the meal, the incident should be classified as Theft from Building (the guest had every right to be in the home but they stole something from the home while they were there).

**Note:** Law enforcement should report a theft from a structure where the offender entered the structure illegally, as burglary and not larceny.

### **23E Theft from Coin-Operated Machine or Device**

---

#### **A theft from a machine or device that is operated or activated by the use of coins**

This includes machines or devices which accept paper money as well as those which accept coins. Examples include candy and food vending machines; telephone coin boxes; parking meters; pinball machines; or washers and dryers located in Laundromats where no breaking or illegal entry of the building is involved.

If an offender breaks into a building or illegally enters a building and rifles a coin-operated machine for money and/or merchandise, law enforcement should classify this as burglary.

### **23F Theft from Motor Vehicle (except Theft of Motor Vehicle Parts or Accessories)**

#### **The theft of articles from a motor vehicle, locked or unlocked**

---

This type of larceny includes thefts from automobiles, trucks, truck trailers, buses, motorcycles, motor homes, or other recreational vehicles. It also includes thefts from any area in the automobile or other type of vehicle, e.g., the trunk, glove compartment, or other enclosure. Some of the items stolen in this type of theft are cameras, suitcases, wearing apparel, packages, etc., which are not an integral part of the vehicle.

Agencies should not include items considered automobile accessories, as they fall under Theft of Motor Vehicle Parts or Accessories. For larceny situations in which the offender steal both articles from the motor vehicle and motor vehicle parts and accessories, agencies should report the offense resulting in the greatest value of property loss, but should include the value for all property stolen.

Certain state statutes might interpret thefts from motor vehicles as burglaries. However, agencies must classify these offenses as larcenies for UCR purposes.

If a theft from a motor vehicle occurs in conjunction with a motor vehicle theft, the agency will most often report the incident as a Motor Vehicle Theft and record the stolen property within the appropriate property-type categories. If, however, the reporting jurisdiction determines the real object of the theft was the contents, rather than the vehicle, it may report two offenses: the vehicle theft and the theft from the vehicle.

For example, if an offender stole an automobile with a coat in the back seat, the responding agency would report the offense as Motor Vehicle Theft and account for the coat as property stolen in connection with the automobile theft. Conversely, an agency could report the theft of a tractor-trailer (truck) containing a shipment of televisions as two offenses if, in the judgment of the reporting agency, the real object of the theft was the televisions, e.g., the truck was found abandoned and empty not far from the scene of the theft. In this situation, the LEA should also classify the two offenses as Cargo Theft.

## 23G Theft of Motor Vehicle Parts or Accessories

---

**The theft of any part or accessory affixed to the interior or exterior of a motor vehicle in a manner which would make the item an attachment of the vehicle or necessary for its operation**

This larceny subcategory includes thefts of motors, transmissions, radios, heaters, hubcaps and wheel covers, manufacturers' emblems, license plates, side-view mirrors, siphoned gasoline, built-in DVD players, mounted GPS devices, radar detectors, etc. If such items were not part of the vehicle and were only being transported in the vehicle and were stolen, the reporting agency should classify the offense as Theft from Motor Vehicle.

## 23H All Other Larceny

---

**All thefts that do not fit any of the definitions of the specific subcategories of Larceny/Theft listed above**

All Other Larceny includes thefts from fenced enclosures, boats (not houseboats), and airplanes. It also includes the illegal entry of a tent, tent trailer, or travel trailer used for recreational purposes, followed by a theft or attempted theft. Examples of items stolen from areas in which the offender did not break into a structure are thefts of animals, lawnmowers, lawn furniture, hand tools, and farm and construction equipment.

Agencies should also classify instances in which the offender takes gasoline from a self-service gas station and leaves without paying as All Other Larceny.

## 240 Motor Vehicle Theft

---

**The theft of a motor vehicle**

As defined by the FBI UCR Program, a motor vehicle is a self-propelled vehicle that runs on the surface of land and not on rails and that fits one of the following descriptions:

- Automobiles—sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles serving the primary purpose of transporting people

This includes minivans, automobiles used as taxis, sport-utility vehicles, and automobile derivative vehicles. Minivans should be classified as 03 = Automobiles, as they meet the definition serving the primary purpose of transporting people. This classification also includes automobiles used as taxis; sport-utility vehicles, such as Explorers, Highlanders, 4Runners, Pathfinders, and Hummers; and automobile derivative vehicles, such as Ranchero, El Camino, Caballero, and Brat.

- Buses—motor vehicles specifically designed (but not necessarily used) to transport groups of people on a commercial basis
- Recreational Vehicles—motor vehicles specifically designed (but not necessarily used) to transport people and also provide them with temporary lodging for recreational purposes
- Trucks—motor vehicles specifically designed (but not necessarily used) to transport cargo on a commercial basis
- Pickup trucks and pickup trucks with campers should be classified as 37 = Trucks, as they meet the definition specifically designed, but not necessarily used, to transport cargo.

- Other Motor Vehicles—other motorized vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, all-terrain vehicles, or golf carts whose primary purpose is to transport people

Using the vehicle descriptions above, agencies should enter the type of motor vehicle in Data Element 15 (Property Description).

**Note:** LEAs should classify full-size vans, both regular wheelbase and extended wheelbase, as buses, recreational vehicles, or trucks depending upon their configuration, e.g., vans with rows of seats (buses), custom vans with temporary lodging accommodations (recreational vehicles), and work vans with primarily cargo areas (trucks).

Agencies should report incidences of Carjacking as 120 = Robbery, with the type of vehicle taken (automobile, truck, etc.) identified in the property description. The offense of 240 = Motor Vehicle Theft is not to be identified as an additional offense, as the stolen motor vehicle is the proceeds of the offense of robbery, and not a separate, distinct operation. Consequently, Data Element 18 (Number of Stolen Motor Vehicles) and Data Element 19 (Number of Recovered Motor Vehicles) are not used.

When the offender takes a motor vehicle from the garage of a house during a burglary, the LEA should report the offense as 220 = Burglary/Breaking & Entering and should identify the type of vehicle taken (automobile, truck, etc.) in the property description. The offense 240 = Motor Vehicle Theft is not to be identified as an additional offense because the stolen motor vehicle is the proceeds of the Burglary, and not a separate, distinct operation. Consequently, Data Element 18 (Number of Stolen Motor Vehicles) and Data Element 19 (Number of Recovered Motor Vehicles) are not used.

Agencies should classify incidents as Motor Vehicle Theft when persons not having lawful access take automobiles even if the vehicles were later abandoned, e.g., joyriding. Agencies should not include the taking of a vehicle for temporary use when prior authority has been granted or can be assumed, such as in family situations; or unauthorized use by chauffeurs and others having lawful access to the vehicle. Other Group A offenses may have occurred in these situations. For example, if a chauffeur steals a car entrusted to his care, the responding agency should report Embezzlement.

**Note:** Motor Vehicle Thefts do not include farm equipment (tractors, combines, etc.), which falls under a separate property description.

### 370 Pornography/Obscene Material

---

**The violation of laws or ordinances prohibiting the manufacture, publishing, sale, purchase, or possession of sexually explicit material, e.g., literature or photographs**

Law enforcement should enter the type of activity (manufacturing, publishing, selling, buying, or possessing) into Data Element 12, Type Criminal Activity/Gang Information.

### 40A – 40C Prostitution Offenses

---

**To unlawfully engage in or promote sexual activities for anything of value**

#### 40A Prostitution

---

**To engage in commercial sex acts for anything of value**

This offense involves prostitution by both males and females.

#### 40B Assisting or Promoting Prostitution

---

**To solicit customers or transport persons for prostitution purposes; to own, manage, or operate a dwelling or other establishment for the purpose of providing a place where prostitution is performed; or to otherwise assist or promote prostitution**

#### 40C Purchasing Prostitution

---

**To purchase or trade anything of value for commercial sex acts**

#### 120 Robbery

---

**The taking or attempting to take anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm**

Robbery involves the offender taking or attempting to take something of value from a victim, usually the property owner or custodian, by the use of force or threat of force. (The victim must be present.) If there is no direct confrontation and the victim is not in fear of immediate harm, law enforcement should report Extortion. Though direct confrontation occurs in pocket-pickings or purse-snatchings, force or threat of force is absent. However, if during a purse-snatching or other such crime, the offender uses force or threat of force to overcome the active resistance of the victim, law enforcement should classify the offense as Robbery.

Law enforcement should classify cases involving pretend weapons or those in which the robber claims to possess a weapon but the victim does not see it as Robbery and report the alleged weapon. If an immediate on-view arrest proves there was no weapon, the agency should classify the offense as Robbery and report the weapon with the data value "None."

Because assault is an element of the crime of Robbery, law enforcement should not report an assault as a separate crime as long as the offender committed the assault in furtherance of the robbery. However, if the injury results in death, law enforcement must also report a Homicide offense.

As in the case of all crimes against property, law enforcement should report only one offense for each distinct operation of robbery, regardless of the number of victims involved. However, the victims of a robbery include not only those persons and other entities (businesses, financial institutions, etc.) from whom property was taken (or was attempted to be taken), but also those persons toward whom the robber(s) directed force or threat of force in perpetrating the offense. Therefore, although the primary victim in a bank robbery would be the financial institution, law enforcement should report as a victim the teller toward whom the robber pointed a gun and made a demand, as well as any other person against whom the offender committed an assault during the course of the robbery.

Law enforcement should enter the type of weapon/force used (or threatened) and the resulting injury in Data Element 13 (Type Weapon/Force Involved) and Data Element 33 (Type Injury).

## 11A – 11D Sex Offenses

**Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent**

### 11A Rape (except Statutory Rape)

---

**The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity**

Agencies should classify the crime as rape, regardless of the age of the victim, if the victim did not consent or if the victim was incapable of giving consent. If the victim consented, the offender did not force or threaten the victim, and the victim was under the statutory age of consent, agencies should classify the crime as statutory rape.

This offense includes the rape of both males and females as long as at least one of the offenders is the opposite sex of the victim. *Black's Law Dictionary*, 6th ed., defines *carnal knowledge* as “the act of a man having sexual bodily connections with a woman; sexual intercourse.” There is *carnal knowledge* if there is the slightest penetration of the sexual organ of the female (vagina) by the sexual organ of the male (penis).

In cases where several offenders rape one person, the responding agency should count one Rape (for one victim) and report separate offender information for each offender.

### 11B Sodomy

---

**Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity**

If the offender both raped and sodomized the victim in one incident, then LEAs should report both offenses.

### 11C Sexual Assault with an Object

---

**To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity**

An “object” or “instrument” is anything used by the offender other than the offender’s genitalia, e.g., a finger, bottle, handgun, stick.

### 11D Fondling

---

**The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity**

Because there is no penetration in fondling, this offense will not convert to the SRS as Rape.

## 36A – 36B Sex Offenses, Non-forcible

---

### Unlawful, non-forcible sexual intercourse

#### 36A Incest

**Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law**

#### 36B Statutory Rape

---

### Non-forcible sexual intercourse with a person who is under the statutory age of consent

If the offender used or threatened the use of force or the victim was incapable of giving consent because of his/her youth or mental impairment, either temporary or permanent, law enforcement should classify the offense as Rape, not Statutory Rape.

## 280 Stolen Property Offenses

---

**Receiving, buying, selling, possessing, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by Burglary, Embezzlement, Fraud, Larceny, Robbery, etc.**

Reporting agencies should enter the type of activity (receiving, buying, selling, possessing, concealing, and/or transporting) in Data Element 12 (Type Criminal Activity/Gang Information).

## 520 Weapon Law Violations

---

**The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons**

This offense includes violations such as the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., silencers; and furnishing deadly weapons to minors.

Reporting agencies should enter the type of activity (manufacturing, buying, selling, transporting, possessing, concealing, or using) in Data Element 12 (Type Criminal Activity/Gang Information) and the type of weapon in Data Element 13 (Type Weapon/Force Involved).

## Group B Offenses

There are 10 Group B crime categories encompassing all offenses not considered Group A offenses. The offense categories listed below are in alphabetical order. Each entry includes the following information: 1) NIBRS offense code, offense name, 2) Definition, and 3) Considerations and examples (as appropriate).

### 90A Bad Checks (except Counterfeit Checks or Forged Checks)

---

#### Knowingly and intentionally writing and/or negotiating checks drawn against insufficient or nonexistent funds

This offense includes insufficient funds checks but not counterfeit checks or forged checks.

## 90B Curfew/Loitering/Vagrancy Violations

---

**The violation of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas; prohibiting persons from remaining in an area or place in an idle or aimless manner; or prohibiting persons from going from place to place without visible means of support**

This offense includes begging, vagabondage, and panhandling. LEAs should also include in this category are persons arrested as being a suspicious character, suspicious person, etc.

## 90C Disorderly Conduct

---

**Any behavior that tends to disturb the public peace or decorum, scandalize the community, or shock the public sense of morality**

This offense includes affray (when not physical), blasphemy, profanity, obscene language, disturbing the peace, indecent exposure, loud music, and public nuisance.

## 90D Driving Under the Influence

---

**Driving or operating a motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic**

This offense includes driving while intoxicated and operating a bus, train, streetcar, boat, etc., while under the influence.

## 90E Drunkenness (except Driving Under the Influence)

---

**To drink alcoholic beverages to the extent that one's mental faculties and physical coordination are substantially impaired**

This offense includes drunk and disorderly, common drunkard, habitual drunkard, and intoxication.

## 90F Family Offenses, Nonviolent

---

**Unlawful, nonviolent acts by a family member (or legal guardian) that threaten the physical, mental, or economic well-being or morals of another family member and that are not classifiable as other offenses, such as Assault, Incest, and Statutory Rape**

Nonviolent Family Offenses include abandonment, desertion, neglect, nonsupport, nonviolent abuse, and nonviolent cruelty to other family members. This category also includes the nonpayment of court-ordered alimony, as long as it is not illegal (i.e., considered to be contempt of court) within the reporting jurisdiction. Agencies should not include the victims of these offenses taken into custody for their own protection.

## 90G Liquor Law Violations (except Driving Under the Influence and Drunkenness)

---

**The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages**

Liquor law violations include violations of laws/ordinances prohibiting the maintenance of unlawful drinking places; operating without a liquor license; underage drinking; furnishing liquor to a minor; bootlegging; operating a still; using a vehicle for the illegal transportation of liquor; etc.

## 90H Peeping Tom

---

**To secretly look through a window, doorway, keyhole, or other aperture for the purpose of voyeurism**

## 90I Runaway (Not A Crime)

---

**A person under 18 years of age who has left home without the permission of his/her parent(s) or legal guardian**

In January 2011, the FBI UCR Program discontinued the collection of arrest data for the category of runaways. Agencies may continue to collect and submit data on runaways, but the FBI UCR Program will no longer use or publish those data. Should an agency wish to submit data on runaways, they can use the Group B Arrest Report format to report each incident, including the runaway's apprehension for protective custody. If an LEA chooses to report runaways, the jurisdiction where the runaway resides should report the detention (pickup) of the runaway when another jurisdiction picks up the minor.

## 90J Trespass of Real Property

---

**To unlawfully enter land, a dwelling, or other real property**

All burglary offenses include the element of trespass. Trespassing, however, involves entry with no intent to commit a felony or theft.

## 90Z All Other Offenses

---

**All crimes that are not Group A offenses and not included in one of the specifically named Group B crime categories listed previously**

This category includes Offenses of General Applicability if the substantive offense is a Group A offense unless it is an integral component of the Group A offense such as Human Trafficking. Offenses of General Applicability are those offenses prefixed by "Accessory Before/After the Fact," "Aiding and Abetting," "Assault to Commit," "Conspiracy to Commit," "Enticement," "Facilitation of," "Solicitation to Commit," "Threat to Commit," or any other prefix identifying it as other than the substantive offense.

Generally, this category excludes traffic offenses. However, the vehicle-related offenses of hit and run (of a person) and vehicular manslaughter, along with Driving Under the Influence, which is a separate Group B offense, are excluded.

# Rhode Island State Police

*A Nationally Accredited Law Enforcement Agency*
